## Police seek information on missing woman

Howard County police are asking for the public's help to locate a woman reported missing from Columbia. Mihaela Brady, 45, was last seen Sept. 2 at a residence in the 7300 block of Eden Brook Drive, where she had been staying.

Brady is 5'4" tall, weighs around 125 lbs., and was last seen wearing dark clothes and boots. She speaks with a Romanian accent. Family members reported that she did not take any of her belongings.

Earlier this year, Brady was located in York, Pa., after going missing for six months. She was unable to provide her name to authorities and has reported having memory lapses. Police believe she had been staying near the NCR (Northern Central Railroad) Trail at the Maryland/Pennsylvania line. Foul play is not suspected in her disappearances.

Brady is known to walk paths and trails throughout Maryland and enjoys the outdoors.

Police are asking anyone with information to call 410-313-STOP or email HCPDcrimetips@howardcountymd.gov.
