Instructions

1. Draw or cut out your locomotive to lead your train.
2. Make the other train cars (Get creative—decorate your box cars to be like the ones in Freight Train, draw on windows, doors, train numbers, whatever you like! You can also glue on wheels to pretend the train is going along the tracks).
3. Gather the items to sort by color.
4. Lay your train out on the floor or table and start sorting your items into the correct colored car!
5. Bonus: Count the number of items going into each car for numbers practice!
