

Name Train!

Practice your letter writing and make your very own Name Train!

Supplies

- Train Engine Template
- Construction Paper
- Glue Stick
- Crayons
- Sheet(s) of Paper

Instructions

1. Cut out and color your train engine. Using the glue stick, glue it to your sheet of paper.
2. Have an adult or older sibling help you cut out squares of construction paper. Cut out enough for you to write your name (one letter per sheet).
3. Spell out your name using the squares as train cars, and glue them down on your sheet of paper. You may need to tape or glue multiple sheets of paper together.
4. Cut out wheels and glue them to your train, or draw them in.
5. Optional: Add steam coming out of your engine, draw clouds and scenery, decorate your train how you like it!
