Jackie Scott welcomed everyone to the meeting

Restated the purpose and goals of the Coalition to End Homelessness. Introduced Rose Burton to the Board. Rose will be the official DCRS staff liaison to the Board and has the full support of DCSR leadership.

Coalition to End Homelessness Governance Charter

Final draft of the Charter was presented to the Board. Joe Willmott moved for acceptance and Kelly McLaughlin-Kominsky seconded. There were no objections from the room. The Board accepted, and the Charter will be presented to the broader Coalition for approval.

Targeting Sub-Populations

Possible groups identified: veterans, chronically homeless, families with children, survivors of domestic violence, unaccompanied youth, unsheltered homeless, and senior 65+ years old. Targeting does not mean serving a sub-population over other populations, it would instead mean devising specific strategies for dealing with each group. Suggested that the group pick four sub-populations as targets for the next three years. Decision and strategies would be written into the Plan to End Homelessness.
