

## Juggling Supply & Equipment List

- 3 store bought juggling bags or 3 homemade juggling bags (3 socks, 150 pennies, and masking tape--It seems silly, but they work very well!)  
Lacrosse balls will work, but they can break things.  
Tennis balls, racquet balls, smaller balls, and hacky sacks won't work.
- Average home ceiling heights are fine.
- Students need a safe space in which to move.

(At least 4' x 4')
