

# Paper Plate Engineer Hat

Make your own engineer hat, just like Pete the Cat and Miss Emily wear!

## Supplies

- Sturdy paper plate
- Pencil
- Scissors
- Crayons, colored pencils or markers
- Scotch tape

## Instructions

1. Fold your paper plate in half and trace out your hat pattern. Leave part of the center to make the top of the hat.
2. Cut the brim of the hat from the remaining part of the plate.
3. Tape the brim down to the rim of the plate, lining it up with the top of the hat.
4. Draw on the stripes and then color them in! (We chose to use traditional blue.)
5. Wear your engineer hat! Adjust the size if needed.
