WINTER 2020

ACTIVITY GUIDE

Online Registration STARTS December 4, 6 PM

Includes 2020 SPRING Competitive Sports

www.HowardCountyMD.gov/rap
Welcome to the Winter 2020 Activity Guide, the first winter guide in color.

Howard County Recreation & Parks strives to create programs that delight and inspire our residents. Each season, we do our best to offer classes, leagues, and special events that are not only fun and engaging, but affordable and inclusive thanks to our financial assistance and inclusion services. We continue to expand opportunities for residents of every age, ability, and income level to enjoy our beautiful county.

As you read our Winter Activity Guide, you’ll discover new and returning activities such as our annual Christmas in the Park program, the Holiday Mart craft fair at the Gary J. Arthur Community Center, and all our holiday festivities on Ellicott City’s Main Street. In addition to our very popular daddy-daughter dances, we also provide a mommy-son event that provides over 100 families with a fun night out. I welcome you to flip through the pages to find a class, program, or event you and your friends may enjoy during these colder months.

Recently, we welcomed Raul Delerme to his new role as the Director of Recreation & Parks. Long-time Director John Byrd retired in June and filling the vacancy of Director was quite an undertaking. We are so grateful to John for his service to our community. Since taking the position, Raul has led our department to some impressive new heights. Under his leadership, Recreation & Parks has opened new bocce courts at Cedar Lane Park, held the first Sensory-Friendly Sunday at the Robinson Nature Center, cut the ribbon on the third completed field at Troy Park to mark the beginning of an international sports tournament, and begun expansion of our pickleball courts. Looking ahead, we will continue to focus on making our parks, playgrounds, and activities enriching for all.

Wishing you a safe and wonderful winter,

Calvin Ball, Howard County Executive

WINTER 2020 5
CHILD CARE

Howard County Recreation & Parks offers Recreational Licensed Child Care (RLC) programs for preschool (ELC) through middle school students, along with our Therapeutic Recreation Inclusion Opportunities (TRIO). Our goal is to provide a safe and structured environment for children to have fun while participating in meaningful group recreational activities.

Before a child can participate, parents must complete all licensing and required paperwork, including a health inventory, which requires a physical. All programs must meet and maintain minimum enrollment requirements to run. Fees are subject to change.

Special accommodations or interpretive services can be provided at no additional cost but are not guaranteed; a request must be made at the time of registration. Because of the presence of children with severe allergic reactions, nuts and nut products are not served or permitted at any RLC programs.

If space is available, a $50 non-refundable registration fee is required to enroll. If a program has already filled, you may place your child’s name on the waiting list at no cost.

All RLC programs have a behavioral policy with standards of conduct enforced through the use of discipline, up to and including suspension and expulsion from the program. The primary concern of the Department must be the safety and well-being of all participants, even though it may cause inconvenience to parents in a particular case. The Department makes every effort to assist children and their parents in modifying a child’s behavior before their actions become a serious enough threat to require suspension. See the Parent Manual for a complete policy statement.

For a list of who to contact and additional program information, visit www.howardcountymd.gov/rap and click on Child Care. For space availability, call 410-313-7275.

Early Learning Center

Early Learning Centers provide a safe, nurturing, active and creative learning environment for each child. Throughout the program, children enjoy building the skills needed for kindergarten (social and emotional development, reading and math readiness and fine and gross motor skills). They also participate in hands-on activities, including arts and crafts, science, nature, music, drama, and cooking. There are instructional and self-directed activities throughout the day. All programs are successful participants in the Maryland EXCELS program. Staff is trained in continuing early childhood education classes yearly. Parents provide snack/lunch. Children must be toilet-trained and meet the age requirement by September 1, 2019. If class minimums are not met, a combined class is offered.

Aikido with Ki by Russ Dauber
Martial Arts and Ki training, taught by Japan’s Shin Shin Toitsu Aikikai, promotes dynamic movement with unified mind and body. The Ki part is low impact. The Aikido part involves practice with partners and rolling on mats. Effective self-defense techniques flow with and lead attackers’ movements. We develop the benefits of keeping one point and extending ki. We emphasize safety, knowledge and enjoyment.
