Attention Voter!

Keep an eye out — We will be mailing you a replacement mail-in ballot soon.

Why? There was an error that affected some mail-in ballots sent before May 14, 2026, so all ballots are being replaced.

What do I do now? Do not vote the ballot you received. Destroy the mail-in ballot and envelope and wait for a replacement ballot to arrive. Your replacement ballot packet will be clearly marked as **“Replacement Ballot.”**

Additional instructions will be included in the replacement mail-in ballot packet, so please read through it carefully!

Sincerely,
The Maryland State Board of Elections
