## Notes to Investment Schedule

### 1. Certificates of Deposit and Repurchase Agreements

The County can only purchase Certificates of Deposit (CD's) from banks located in the State of Maryland. The banks currently holding CD's for the County are: Fulton Bank, Harbor Bank, and Sandy Spring Bank. The County currently maintains repurchase agreements with Cantor Fitzgerald and UBS Financial Services, Inc.

All certificates of deposit and repurchase agreements are collateralized at 102% of their cost plus accrued interest or FDIC insured. The collateral is held at Wells Fargo Bank.

### 2. Social Investing

The County invests in instruments offered by community and minority financial institutions. These financial institutions may not meet all of the criteria listed in the County's Investment Policy as authorized dealers and institutions. These institutions are: Fulton Bank and Harbor Bank. The County maintains a Certificate of Deposit with Fulton Bank for the Verizon Pole Agreement Surety Bond Requirements for the Department of Technology & Communication Services.

### 3. Agricultural Land Preservation Program

The County finances the acquisition of development rights to a parcel of agricultural property by entering into an installment-purchase agreement with the property owner. US Treasury Strips, purchased as part of the County's Agricultural Land Preservation program, will be used to match balloon payments to the property owner. The table below shows the detail information regarding the investment in Stripped Coupon U.S. Treasury Securities.

## **Types of Investment Instruments**

**Bankers Acceptances (BA's):** Financial transactions involving the import or export of goods. A bank agrees to lend money to an importer to finance the purchase of goods. The bank then sells this agreement to an investor (the County) who receives compensation in the form of interest.

### **Characteristics:**

1. Very safe: There has never been a BA failure in their history
2. Can only purchase BA's from banks rated A1 or P1
3. Three guarantees back this investment:
  - a. Obligation to pay by the importer
  - b. Guarantee from the accepting bank
  - c. The goods themselves
4. Maturities less than 180 days
5. Generally higher yielding than Repos

*Restrictions: The County currently does not purchase Japanese BA's.*

**Certificates of Deposits:** A time deposit with a specific maturity evidenced by a certificate. All deposits held in minority or community banks.

**Money Market Funds:** Current holdings include the Maryland Local Government Investment Pool (MLGIP) and Goldman Sachs. **Repurchase Agreement (Repo):** An investment contract involving the temporary transfer of ownership of U.S. Government securities between a broker and an investor (the County). A broker agrees to sell U.S. Treasury or Government Agency Securities to the County and agrees to repurchase them at a fixed price on a fixed date. The County receives the original purchase price and compensation in the form of interest on the maturity date.

### **Characteristics:**

1. Very safe: only collateralized U.S. Government securities
2. Very flexible: maturities from one day to one year
3. Higher yields than purchasing securities outright

**U.S. Treasury and Government Agency Securities:** Considered the safest investments in the world. The U.S. Government and its agency issue these securities to finance their operations.
