This addendum is hereby made a part of EOI No. 11-2019. Please note the following information as a result of the pre-proposal conference on June 27, 2019 and submit the proposal accordingly.

Clarifications

Howard County has considered conducting an LPWRP site visit and determined that no site visit will be available.

Questions/Answers

1. Question: Section H of the SF330, is there a page limit and/or is it needed?
Answer: For this particular bid, we do not want anything submitted for this section.
2. Question: Is there a dollar value or budget appropriation for this EOI?
Answer: No. It will be determined as the phases are started and the scope develops.
3. Question: Is there a consultant employee hourly rate cap?
Answer: No.
4. Question: Item 1.3 mentions "third party evaluation", please clarify what is meant by this?
Answer: In Phase 3 of this project, as determined necessary by the County, the County may desire a third party review of capital projects at the LPWRP. In the event a consultant is already performing work for the County at LPWRP and they are selected for this project, the "third party" portion of this sentence may not apply; however, in that instance and at the County's discretion a third party review may be performed by others. Consultants already performing work for the County, at the LPWRP or otherwise, are not precluded from selection for this project.
