SUMMER 2026

Howard County
Recreation & Parks

www.HowardCountyMD.gov/rap

Online Registration
Begins February 4, 6pm

Welcome to the 2026 Summer Camp Guide!

We're excited to share this go-to resource—keeping your children or grandchildren active, engaged, and inspired this summer.

At Howard County Recreation & Parks, our team works year-round to create a diverse and enriching lineup of camps. This year's guide features a mix of returning favorites and exciting new offerings. From hands-on science and art exploration, LEGO® robotics and engineering, nature discovery at the Robinson Nature Center, and a wide variety of sports programs—there's something for every interest and age.

We're also thrilled to introduce several new camps, including Community Ecology Institute at Freetown Farm (page 4), Tiny Chefs culinary camps featuring cooking challenges and cupcake wars (page 12), Candle Ignite to learn the science and creativity behind making candles and room sprays (page 13), Korean Song, Rhythm, and Dance (page 17), and Girls Flag Football Skills Camp (page 46).

Whether you are looking for half-day or full-day options, you'll find plenty of flexible choices. Look for the sun icon (☀️) throughout the guide to identify camps that run eight hours or more each day.

We hope this summer brings your family fun, learning, and lasting memories. Be sure to mark your calendars—registration opens February 4, and many camps fill quickly!

Teen BLAST Summer Camp ☀️

Enjoy a summer of freedom, fun, and growth! Teen BLAST is a semi-structured, all-day camp where you choose your own adventure — from sports and fitness to arts, music, screen time, swimming, Teen Talk sessions, team sports, self-defense, and more. Staff are there to guide, not dictate, helping you build independence, confidence, and self-motivation. If you learn best through self-exploration rather than rigid schedules, this is the camp for you! Camp focuses on F-U-N while encouraging positive social skills through engaging activities. The Art of Baking Camp by Charm City Cakes

Unleash your creativity in this art-focused baking camp! This program goes beyond cake with hands-on baking projects every day, while instructors guide you through the artistic side of cake-making. Learn how to sketch designs, plan ideas, and bring them to life through fun baking and cake decorating techniques.

“Baking From Scratch” Cake Camp by Charm City Cakes

Dive into the full cake-making experience! Bake your own cake, mix buttercream, and craft fondant decorations. With new hands-on baking projects each day, this week is so much more than cake. Guided by experts from team Duff, gain confidence and leave with the skills needed to create delicious treats at home.

Cake Basics Camp by Charm City Cakes

Learn the fundamentals of baking and cake decorating from Duff Goldman’s cake masters team! Enjoy engaging baking projects each day and master the essentials of cakes and delicious Duff-approved recipes. Creative baking challenges (not just cakes) keep things new and sweet each day.

Carved Creations Camp by Charm City Cakes

Take cake to the next level! Each day, learn how to carve, shape, and decorate food into edible masterpieces. Tackle fun, skill-building baking projects (not just cakes) every day. The week wraps up with a show-stopping sculpted cake creation!

Culinary Artist Extraordinaire with Club SciKidz: Art makes the world beautiful, and cooking makes the world delicious! Culinary artists bring art and cooking together in an exciting, new way! Learn about different artists, kinds of art, and art techniques. Then prep, cook, and bake treats that use a technique, style, or specific artwork for inspiration. Learn how artists use color to express feelings and emotions and recreate Van Gogh's Starry Night on grilled cheese! Explore how different artists use geometric forms and make Kandinsky Cakes. This camp is the perfect combination of cooking and art. We can't wait to see what each culinary artist creates!

Please check online for new and updated camp sections (tinyurl.com/hcrpregrister).

Culinary Creations with Club SciKidz: Come join us for a week of culinary creations! Focus on a new theme each day. Travel under the sea to learn about various sea creatures and make Octopus Cupcakes. Transport back to land and learn about insects and bugs by making Lady Bug Cookies and a healthy snack like Vegetable Bugs. Grab your camping gear to explore the great outdoors to make the cutest campfire cupcakes and some snacks that are perfect for your next camping trip! Enjoy learning about our world while making new and fun recipes.

Cupcake Wars with Club SciKidz: Tie on your apron and prepare for battle! Come learn about the principles of baking. Take these tools to the kitchen as you compete in a different cupcake baking challenge each day. Begin with the basics, and by the end of the week, make cupcakes and frosting from scratch. Each day has a different challenge theme (ex: 6-8 yrs: Breakfast, Color Surprise; 9-12 yrs: My Favorite Things, Summer Fun)! Prepare to get creative and enjoy the competition while learning the basics of baking!

Galactic Kitchen with Club SciKidz: Blast off into space with this camp favorite! Using rockets as inspiration, make Rocketship Kabobs and Rocketship Pizzas. Use science to make your very own rocket. Learn about the cosmos through delectable treats and crafts. Bake and create Space Rocks from scratch; identify constellations; and bake your own Constellation Cookies. Prepare for a close encounter while making adorable alien cupcakes and magnets. Besides baking, enjoy some painting and creating out-of-this-world picture frames and coasters.

Game On! with Club SciKidz: This camp uses the wonderful world of sports for its inspiration! Baseball, football, and basketball are our nation's favorite pastimes, and we're combining them with another favorite pastime – eating! Learn about (and play) our favorite sports and then create delicious recipes that connect to the sport. Make your own handheld basketball game and then move from the court into the kitchen to make basketball cake balls! Play an exciting game of tee-ball and then head back to the kitchen to do a baseball-inspired craft and make two different kinds of baseball pretzels! And golfers – never fear – you won't be forgotten! Make your very own Hole-In-One donuts! This camp is sure to be the MVP of your summer!

Hogwarts' Kitchen Adventures with Club SciKidz: Join Harry in the kitchen and try your hand at some magical and mystical culinary creations. Your adventure begins with Sorting Hat cupcakes and choosing and creating your own magic wand. Continue to Hogsmeade and create Butterbeer and Golden Snitch Truffles. What magical spells will you use in your creations? The Ministry of Magic will undoubtedly enjoy your treats!

Kitchen Chemist with Club SciKidz: In this camp, the kitchen becomes a scientific laboratory where you are both a scientist and chef as you learn about a variety of chemical reactions, oxidations, and the scientific method. Learn about lemons and use this sour fruit as inspiration for a science experiment and tasty treat. Find out what the Statue of Liberty, a penny, and ketchup have in common. Discover the fourth state of matter! Who knew science could be so delicious?

Magical Mash-Up with Club SciKidz: Travel with us to the land of all things magical and sparkly! Glitz and glam are the key ingredients to making yummy recipes and magical crafts. Make a feast of unicorn desserts and a DIY unicorn planter. Mermaid fudge keeps our bellies full; and mermaid sugar scrub keeps our skin feeling smooth! The final stop is the enchanted forest, where we make Dragon Scale Slime and mini-Witch Cheesecakes.

Nailed It! with Club SciKidz: Join us for another set of exciting baking and cooking challenges! Just like in the TV show, you are given a culinary task to re-create each day. Campers are provided with the inspiration and the recipe to re-create the masterpiece. Use creativity and resourcefulness in the kitchen to make a masterpiece. Take the challenge of making homemade hamburger cupcakes, melted snowman cookies, unicorn poop cupcakes, and more! Can you chef "Nail It!"

All American Diner Road Trip

NEW! Aprons on! Hands washed! Now cook! Join the culinary instructor and learn how to make different diner and drive-thru delights from scratch! Skip the drive-thru line or delivery fees and learn how to make your own temptations! From panko chicken bites to a burger and shake, learn how to make everyone's favorite!

Chopped!

NEW! Tiny Chefs, come have a blast combining recipes for every meal of the day, with the challenge of secret ingredients. Start with a recipe, and then just when you're comfortable, secret ingredients are added! Adapt the recipe or risk getting "Chopped!"

Chopped! Jr.

NEW! This is a true favorite! Combine recipes for every meal of the day, with the challenge of secret ingredients. Tiny Chefs, you start with recipes for breakfast, lunch, and dinner, but just when you're comfortable, here come the secret ingredients that require you to adapt or get "Chopped!"

Culinary Passport

NEW! It is said that if you want to learn about a country, start with the food. During this week of camp, learn how to create the cuisines that represent multiple countries. Enjoy cooking up some of the fabulous flavors from Italy, India, Vietnam, Mexico, and France! Gain some cooking techniques and learn about ingredients that make them unique. Come join us as we expand our world and our palates.

Cupcake Wars – Tiny Chefs Style

NEW! Cupcakes are all the rage and it's a trend that is clearly here to stay! If you've been curious about how the pros make cupcakes so precious and ornate; and if competition is your middle name; then this is the week for you! Spend the first few days on cupcake basics – measuring, mixing, baking, and frosting. Then finish the week with baking battles! Small teams face off with one another to compete for the title of "Best Cupcake!" May the best cupcake win!

Cupcake Wars 2.0

NEW! The cupcake craze continues, and we're taking it to the next level! In this sequel, whip up creative cupcake recipes inspired by breakfast favorites, global flavors, and even savory twists. (Yes, some spicy or salty - but not sweet - cupcakes.) Team up for friendly competitions, show off your decorating skills, and bake your way to cupcake glory! Sweet, savory, and seriously fun!

The Great Cupcake Showdown

NEW! If there was a Cupcake Wars 3.0, this would be it! Cupcakes are only getting more popular and more creative, and we are here to deliver! Expand your cupcake palate and refine your piping skills. If competition is your middle name, then this is the camp for you! To welcome all baking skill levels, spend the first few days on cupcake basics – measuring, mixing, baking, and frosting. Then, finish the week with a baking battle! Small teams face off to compete for the title of "Best Cupcake!"

Kids Baking Championship

NEW! Move beyond the basics and stretch your baking repertoire to include biscuits, muffins, cupcakes, fruit tarts, and dessert sauces. Learn measurements and equivalents. Gain basic techniques like folding, whisking, and rolling. Top off this cool camp with a baking battle! Small teams face off against one another to compete for the title of "Baking Champion!" See you at the judge's table!

Master Chef

NEW! Come ignite your kitchen creativity by creating recipes for breakfast, lunch, and dinner. Move beyond the basic skills of cooking and baking with challenging techniques as the week progresses. Are you the next Master Chef?

Master Chef Jr.

NEW! Spark your kitchen creativity by creating recipes for every meal of the day: breakfast, lunch, and dinner. Move beyond the basic skills of cooking and baking, as each Master Jr Chef encounters challenging techniques as the week progresses. Come claim the title of Master Chef Jr!

Nailed It! Tiny Chefs Style:

NEW! Get ready for a week of frosting, fun, and fabulous cupcakes! In this super-sweet camp, transform ordinary cupcakes into edible masterpieces! Think adorable animals, beautiful blooms, and even burger cupcakes! With plenty of creativity (and sprinkles), it's the perfect mix of art, imagination, and delicious fun!

Restaurant Creation

NEW! If you dream of owning a restaurant, this camp makes it real! Whip up a new course or cuisine each day while designing your own restaurant concept. By the end of the week, you will have explored exciting flavors, sharpened your skills, and built a tasty vision of your own!

The Great Food Truck Race

NEW! If you dream of having your own food truck, this inventive summer camp is for you! Throughout the week, explore a variety of cuisines, cooking techniques, and presentation styles. Each day, create a different course—such as an appetizer, soup, main dish, or dessert—or choose a dish from a specific cuisine. Then, design a creative food truck concept inspired by your culinary creation, expanding on the types of foods that your restaurant-on-wheels would serve.

Crafts & Fine Arts

- All-day camps: bring a non-perishable, nut-free lunch, snack, and reusable water bottle.
- Half-day camps: bring a non-perishable, nut-free snack, and reusable water bottle.
- Materials fee due on the first day of camp.

American Girl Camps

by Rita Snyder & Associates flickr

Camps are designed especially for you, an American Girl of Today! Hands-on activities include making theme-related arts and crafts for your doll and you, cooking, games, music and more! Make different themed recipes for each camp. Personalize a cookbook of the recipes made in camp.

Journey to Fun with American Girls of Today 1

NEW! Some of the fun activities you'll enjoy include painting a flowerpot for both you and your doll, plant flowers for Flower Power Day; make a collar and leash for your doll's favorite pet for Pet Day; decorate a doll beach bag for Beach Day; and create a cool night light and play games for Pajama Party Day. Cook a special tasty, themed treat to take home each day.

Journey to Fun with American Girls of Today 3

NEW! Some of the fun activities you'll enjoy include conducting experiments and creating concoctions such as slime for STEM Discovery Day; decorating and individualizing notebooks and a pencil holder for Bling Your School Supplies Day; creating jewelry and painting a jewelry box for Get Creative with Jewelry Day; designing clothing and an accessory for Doll Fashion Design Day. Each day, enjoy cooking a tasty, themed treat to take home.

Journey to Fun with the American Girls of Today and Yesterday 4

NEW! Raquel Reyes (2026) from Kansas City, MO and **Summer McKinny (2025)** who hails from Columbia, MD! **Raquel** loves pickleball, the beach and exploring her family history which leads her to discover that her great-great-grandmother is Samantha Parkington! Summer's favorite color is the rainbow and adopted a dog from the local animal shelter. Then meet **Kirsten Larson (1854)** to learn about pioneer life and **Samantha Parkington (1904)** to explore life at the turn of the 20th century. During this fun-packed week, enjoy making a pickleball board paddle and doll visor for Raquel, creating pet accessories and a friendship bracelet for Summer, dipping candles and making a quilt for Kirsten, and creating a trinket box and special greeting cards for Samantha. Cook a treat to take home each day.

Bake with American Girls Claudie and Grace

NEW! Bake treats like **Claudia Wells**, the newest historical American Girl doll and American Girl of the Year **Grace Thomas!** Make homemade goodies from scratch. Have fun measuring and mixing ingredients, putting them in the oven and waiting for the magic to begin. Each day has different treats on the bakery menu (ex. cookies, cupcakes, and even French pastries) just like Claudia and Grace would make! Baking emphasizes reading comprehension, math, and chemistry. While waiting for the goodies to cook, create different baking related crafts, such as making a doll apron, decorating an apron for yourself, sculpting desserts out of clay, and more!

Journey to Hogwarts with Harry Potter by Rita Snyder & Associates flickr

Pack your bags and meet at Platform 9¾ to travel to Hogwarts School of Witchcraft and Wizardry. The books come alive as you visit each house (Gryffindor, Hufflepuff, Ravenclaw, Slytherin) and take classes with Harry through his years at Hogwarts. Each camp includes different crafts, plenty of hands-on activities, playing Quidditch (on brooms!), and competing for the House Cup with Harry Potter trivia. You'll have more fun if you've read the books, but it's not required. Each camp offers a unique experience. Enjoy different activities based on the book for each camp, but Quidditch is played at every camp! Take camps in any order.

Harry Potter 1: The Sorcerer's Stone

Your invitation to Hogwarts has arrived! First-year students visit Diagon Alley to make your necessary school supplies, transform ordinary clay into wizard money, and make your own spell book. Learn to write with a quill, make a remembrall, brew a special potion in Potions class, play Quidditch, and more!

Harry Potter 2: The Chamber of Secrets

Welcome back to Hogwarts for your second year! Activities include learning spells and joining the Dueling Club, creating your own unique magical creature during Care of Magical Creatures class, making mandrakes during Herbology, creating your own wizard trading card, concocting Polyjuice in Potions class, playing Quidditch, and more!

Harry Potter 3: The Prisoner of Azkaban

Third-year students have a special trip in store for them – visiting Honeydukes and making wizard candy! You'll also make your own Marauder's map, learn the art of reading tea leaves in Divination class, realize your worst fear as you create your own boggart and the spell to banish it in Defense Against the Dark Arts class, make a special edible potion to bring you luck in Potions class, and play Quidditch and more!

Harry Potter 4: The Goblet of Fire

For fourth-year students, camp begins at the Quidditch World Cup! Find out what country you'll be playing Quidditch for in the playoffs. Write predictions with a quill in Divination class and contribute an article in this summer's edition of the Daily Prophet to take home! The biggest adventure of all is competing in the Triwizard Tournament, and completing each of the three tasks, if you dare!

Harry Potter 5: The Final Saga (Based on books 5-7 in the Harry Potter series: *The Order of the Phoenix, The Half-Blood Prince, The Deathly Hallows*)

Your last years at Hogwarts find you testing your wizarding mettle against the dark forces of Voldemort. Train for Dumbledore's Army, take apparition lessons, design and make your own product for Weasley's Wheezing Wheezes, make food and attend Slughorn's party, and hunt for horcruxes!

Harry Potter 6: The Magic Continues

Want more Harry Potter? Explore in-depth Hogwarts classes including Potions, Defense Against the Dark Arts, Divination, and Quidditch! Discover the "muggle" history of the magic at the heart of the Harry Potter stories. Learn about fantastic beasts and where to find them as described by the famous magizoologist, Newt Scamander. Concoct potions, create other new crafts based on Hogwarts subjects, learn "real" magic tricks from a visiting professor, play Quidditch (on brooms!) as well as do some activities you've loved from the other Harry Potter camps.

Harry Potter 7: Baking Magical Sweets and Treats

Experience the world of Harry Potter in an entirely different way – by making foods from the Harry Potter books! Learn to bake scratch-made cauldron cakes and pumpkin pasties sold on the Hogwarts Express, special cookies from the Hogwarts School of Witchcraft and Wizardry, yummy treats found at Honeydukes, and edible Golden Snitches! While waiting for the magical concoctions to bake, you'll play Quidditch (on brooms!), cast spells, and make wizardry crafts, including your own wand and broom. Compete for the House Cup with Harry Potter trivia. You'll have more fun if you've read the books, but it's not required. Personalize a cookbook with all recipes made in camp to have on hand for your next Harry Potter party!

Atlas Adventures: Brick World Tour: Travel the globe on a Where in the World is Carmen Sandiego? clue chase. Decode hints, pin locations, and follow the trail. Bring geography to life with LEGO® while building landmarks and mini-cultures, collecting passport stamps, and unveiling a mini "World Expo."

BlockCraft Biomes: Minecraft meets LEGO®! Journey through space to build bases on worlds in the desert, forest, and ocean. Gather "resources" and engineer bold defenses. Test your ideas in daily build challenges to see which designs survive the wilds. Think it, build it, outlast it.

Curious Lab Explorers: Hop on the Magic School Bus and explore the "why" behind orbits, ecosystems, and simple machines. Get hands-on, think big, and let your curiosity lead the way—because science is your superpower!

GameCraft Remix: Bring your LEGO® A-game as Super Mario takes on Larry, Goomba, Bob-omb, and Koopa Paratroopa! Build epic challenges with sliding platforms, custom machines, and smart strategy and clever design. Ready, set, playtest!

Hero City HQ: Design your own hero (just like Big Hero 6)! LEGO® gadgets equip your secret base. Answer rescue calls using clever builds and quick thinking. Team up for "save-the-day" challenges where creativity and kindness win. Cape optional—courage required.

Kaiju Creators Lab: Go full Godzilla! With LEGO®, build your own city-smashing kaiju, waterfronts, bridges, and skyline. Roll out defense mechs, stage epic showdowns, and see whose monster rules the map!

Manga Metro Makers: Build a cozy, manga-style village in an Animal Crossing-inspired world. Create chibi villagers, kawaii shops, and tiny landmarks with LEGO® bricks. Plan your island map, trade items, and stage slice-of-life scenes that bring the neighborhood to life.

Mansion Mechanics Lab: Build a haunted-house with LEGO® bricks straight out of Luigi's Mansion—including ghost lights, trapdoor levers, and secret passages! Solve room-by-room engineering puzzles and stage a grand finale reveal. Spooky fun. Zero scares.

Nebula Knights: Beam down for Star Trek missions. Build landing shuttles, sensor arrays, and planetary outposts with LEGO® bricks. Work as a calm, clever crew to solve first-contact challenges, test your designs, and earn mission badges.

Time Travelers' Lab: Zip from dino days to a bright, quirky future. Build time pods, invention-lab gadgets, and mischievous hat-bots with LEGO®. Solve timeline puzzles, earn era badges, and unveil a walk-through mini museum. Fans of the movie Meet the Robinsons will feel right at home.

Amazing Race: Get ready for an unforgettable adventure! In Snapology's Amazing Race Camp, embark on a journey around the world. Explore diverse cultures from national flags and traditional cuisines to famous artists and historical landmarks. Discover what makes each country unique. Using LEGO®, create masterpieces inspired by these global treasures, making this hands-on camp a fun and educational journey across continents!

Jedi Masters: Explore the galaxy with master building skills and an intergalactically-focused curriculum. Motivated to become a Jedi like the heroes in the movies? Come learn to concentrate on mastering the Force. Use teamwork to build battle drones and AT-Walkers using LEGO® bricks. May the force be with young Padawan as you and your new friends rise through the Jedi ranks!

Mini-Figure Mania: Join us as we shrink ourselves to mini-figure size and create our own mini-figure worlds using LEGO® bricks. Welcome to mini-figure mania!

Mining & Building: Travel to the Nether with Snapology, but watch out for those creepers! Come bring Minecraft® to life using LEGO® bricks. Create your own world, including animals, creepers, and your very own Minecraft® character.

Pokémania: Come join Snapology for Pokémania. Build and explore the world of Pokémon while creating your own gyms, battles, and a generation of Pokémon using LEGO® bricks. Learn about real-world science and the habitats of the Pokémon. Have a blast becoming the best Pokémon trainer!

Snapology Movie Favorites: Bring your favorite animated movies to life using LEGO® bricks in this super-fun camp. Recreate movies like Toy Story, How to Train Your Dragon, Lion King, Encanto, and Trolls using imagination and LEGO® bricks. Don't miss out on this unforgettable week!

Snapology Scientists: Love science? Come experience different domains of science and nature. Engage in concepts from astronomy, earth science, and biology using LEGO® bricks and a variety of interactive learning tools. We make science fun at Snapology!

Superheroes: To the Batcave! Create your very own superheroes; design secret hideouts; and build epic battle scenes using LEGO® bricks. You're sure to have a blast creating a fantasy world full of your favorite characters and planets from both the DC and Marvel universes. Unleash your own superpowers in this superheroes camp!

Video Game Favorites: It's all about games, games, and more games. Enjoy using LEGO® bricks to recreate some of your favorite video games such as Roblox®, Super Mario, Minecraft®, and Pokémon. Throughout the week, enjoy mini games and building challenges related to these popular games.

Wonderful Wizards: Transport onto the secretive world of wizards and witches in Snapology's Wizarding program, inspired by the Harry Potter film series! Explore what makes Hogwarts and learning magical! Create the castle you love, make maps to navigate around it, enjoy being sorted into one of the four houses, and express the pride of your house.

Junior Counselor Training Corps NEW FORMAT! flickr

• Info: Melissa Byrne, mbyrne@howardcountymd.gov or tinyurl.com/HCRPJR.

Seeking 13-15-year-olds who...

- Are proactive and take initiative.
- Possess a positive attitude and cooperative spirit.
- Have a genuine interest in working with children and developing leadership skills.

Ready to make a difference this summer? Join the Junior Counselor Program and build leadership, communication, and teamwork skills while making a real impact! As a Junior Counselor, work alongside experienced mentors, help lead fun camp activities, and serve as a positive role model for younger campers. This high-energy, hands-on program is the perfect mix of learning, laughter, and leadership – all while creating memories that last a lifetime.

Step 1: Register for Training (Required)

Registration begins February 4, 6pm.

Training courses are offered during spring break and during the summer. Location of training is subject to change based on HCPSS availability. Attendance of same year training is mandatory, no exceptions. Course options listed below.

Step 2: Sign Up for Interview (Required)

Acceptance into the program is based upon a successful interview prior to training day(s). After you have completed Step 1, you will receive the interview sign up information via email. *Registration fee refunded if applicant is not accepted into the program.

Step 3: Register for Field Experience (Required)

Registration begins March 25, 8am.

Not every summer camp we offer is a field experience placement, but we have hundreds that are! Choose from a variety of camps (list will be provided), teens may choose a minimum of 2 but are free to choose more. Based on availability, field experiences are offered as first come, first served. Fees range from \$25-\$150 for a field experience. Fees vary based on half-day week, full-day week, or multi-week.

Aurora STEAM Lab of Columbia ☀️

- Before camp (7-9am) and after camp (3-6pm) available only at Aurora Lab Columbia location: sabrina@aurorasteamlab.com.
- Listed in order by first date offered.
- Every camp includes a non-repetitive, hands on, customized curriculum with coding, robotics, electrical engineering, math, and an exciting science theme!

Aurora STEAM Lab: Ascend Camp

Code. Build. Wire. Discover. Five days of high-voltage STEM action. Campers dive into coding, robotics, and electrical engineering every single day, plus one unforgettable day of experimental science to spark their curiosity. Students tackle fresh, age-appropriate challenges designed to inspire creativity and build real-world skills. No repeats. Just nonstop invention. Campers work with real tools and platforms including Python, Scratch, Java, and LEGO Robotics, gaining hands-on experience that grows with them.

Club SciKidz: Little Scientist ☀️

This unique camp offers an incredible collection of projects and experiments that amuse and amaze your little scientist! By being involved with several hands-on activities, explore the basic scientific ideas that play a role in everyday life. Create and experiment with several other projects during the week such as rocketry, edible oceans, marshmallow catapults, and more! This is a broad-topic camp that teaches how the scientific method helps give us the answers to many questions.

Club SciKidz: Little Chemist ☀️

Whoever said that chemistry is just for older campers, was mistaken! Our youngest campers love digging into and examining the results of nearly two dozen different crazy chemical concoctions! They mix and measure their way through the week as they create several wacky and wild creations, including Funny Putty, Chewing Gum, and Elephant's Toothpaste. Our little chemists also learn the importance of thinking like a scientist and using the Scientific Method as they conduct experiments. As they investigate the cleaning power of taco sauce and the chromatography properties of candy, they discover the importance of asking questions and being curious.

Club SciKidz: Jr. Entomologist ☀️

Calling all bug and insect lovers! Not only are there tons of them, but they are a very important part of the ecosystem! Become an entomologist (scientist who study insects) while learning about insects and all of the amazing things they can do. Go on an insect scavenger hunt and practice insect identification skills. Explore the cool adaptation abilities of some insects. Spend much of the week doing your part to help your little insect pals! Use engineering skills to make a hornets' nest. Be the architect and designer to construct a bee home. Tap into agricultural skills to build a bee garden.

Club SciKidz: Jr. Veterinary Medicine ☀️

NEW! Wonder what a veterinarian is and what they do? You can tell your friends by the end of this week! Learn the basic anatomy of and care for both cats and dogs, as well as more advanced care like stitches and treating broken bones. Gain an understanding of the different body systems, including the circulatory, respiratory, and skeleton, by making models of these important systems. Enjoy 20 engaging, hands-on activities and projects! At the end of the week, bring home your Future Veterinarian Kit and first-aid supply kit.

Cyberteck Academy

Cyberteck: Coding using Minecraft and Coding & Design Games with Scratch Beginners Arcade

Morning: Coding in Minecraft with LUA

Using the custom "Computercraft" mod, program robots called "Turtles" to build, mine, and craft in Minecraft. Learn problem-solving and basic programming concepts like if-then-else statements, loops, and functions using Lua, a simple scripting language.

Afternoon: Coding with Scratch Beginners Arcade:

Pong, Flappy Bird, Catch

Turn your love of games into coding skills by creating your own versions of Pong, Flappy Bird, and Falling Object Catcher. Using Scratch, a visual coding tool by M.I.T., learn game design, logic, and coding basics. Classes are standalone with no prerequisites; difficulty levels are set by student age rather than prior knowledge.

Cyberteck: Coding using Minecraft and Coding & Game Design with Scratch Intermediate Games

Morning: Coding in Minecraft with LUA

Software: Minecraft Skill Level: Intermediate

NEW! Using the custom mod Computercraft, program robots called "Turtles" in Minecraft. Learn LUA scripting to create functions, loops, and if-then-else statements while completing tasks like building, mining, and crafting. Focus is on problem-solving and hands-on coding experience.

Afternoon: Coding with Scratch Intermediate Games: Tower Defense

NEW! Build unique versions of popular games with more complexity than the introductory course. Create a Tower Defense game with upgradable towers to stop enemies. Camps are standalone; difficulty is age-based, not prior experience.

Roblox Imaginative Game Design and Coding with Scratch Beginners Arcade

Morning: Roblox Imaginative Game Design

NEW! Explore Roblox Studio and Lua to build coding and game design skills. This camp introduces key programming concepts that prepare you for advanced math and computer science. Perfect for aspiring game developers or tech-minded creators, learn to design a simple Obby (obstacle course) game while having fun and building valuable computer science skills.

Afternoon: Coding with Scratch Beginners Arcade:

Frogger and Starship Shooter

NEW! Using Scratch—MIT's visual coding tool—learn to design and program your own games with minimal typing. Create a Frogger/Crossy Road-style game and a Starship Shooter like Galaga or Galaxian. Each Scratch class stands alone with no prerequisites, and projects are adjusted by age for the right level of challenge.

Roblox Imaginative Game Design & Fortnite Level Design

Morning: Roblox, Imaginative Game Design

Build coding and game design skills using Roblox Studio and Lua. Learn key coding concepts and techniques, preparing you for advanced math and computer science courses. Perfect for aspiring game developers or tech enthusiasts, this camp teaches how to add advanced features and challenges to custom Roblox games in a fun, engaging way.

Afternoon: Fortnite Level Design in Unreal Engine

Use Unreal Engine to design and build custom Fortnite levels. Learn to sculpt terrain, add buildings, items, and gameplay elements while exploring principles of strong, engaging level design. This camp offers hands-on experience with the tools professional designers use to create the games they love.

LEGO® WeDo and Sandbox Game Design

Morning: Robotics and Visual Coding with LEGO® WeDo

Explore the world of LEGO® robotics through fun, hands-on programming! Using a simple drag-and-drop interface, build and code your own robots while learning about teamwork, problem-solving, and the basics of visual programming.

Afternoon: Game Design & Production in Sandbox

Discover how indie games are made! Design your own 3D game levels with puzzles, jump pads, and lava while building skills in creativity, math, and computer use. A perfect introduction to the world of game design.

LEGO® EV3 and Game Design in UDK

Morning: Robotics and Visual Coding with LEGO® EV3

Software: LEGO® Mindstorms EV3 **Skill Level:** Beg.–Int.

Explore robotics through hands-on building and coding with LEGO EV3! Use visual drag-and-drop software to program sensors that detect motion, light, and touch. Work in small teams to design and control your own custom robot—perfect for creative, hands-on learners.

Afternoon: Game Design & Production in UDK

Software: Unreal Development Kit **Skill Level:** Int.

Learn professional game design using Unreal® Editor—the same tool used for games like Batman: Arkham Asylum® and Mass Effect 3®! Create outdoor worlds using terrain sculpting, textures, lighting, and interactive features like vehicles and weapons. Build and play in your own custom environment!

Cybertek Academy: Minecraft Modding & Animation Using Minecraft

Morning: Minecraft Modding: (6-9 & 10-14 yrs) Skill Level: Beg.-Int.

Create your own custom gameplay items and elements using MCreator and Minecraft. Create artwork for various items and implement into a game with custom behaviors. Design your own custom blocks, weapons, food, biomes, and more!

Afternoon: (6-9 yrs) Animation using Minecraft- Software:

Mine-imator Skill Level: Beg.

Younger students learn how characters move and look alive in movies and video games! They are introduced to basic 2D and 3D animation techniques using Minecraft characters and stages. Kids expand their perception, observation, and timing skills, as well as exercise their imagination and storytelling by studying motion in reality; then applying it to animation.

Students learn how animators work by completing a variety of short animation exercises and projects. They apply acting theories and animation principles to scenes they create.

Afternoon: (10-14 yrs) Animation using Minecraft Software:

Mine-mator Skill Level: Beg.

Older students are introduced to basic 2D and 3D animation techniques using Minecraft characters and stages. Kids expand their observation skills and imagination by studying motion in reality and how it influences motion in animation. Older students learn about advanced tools and techniques. - Listed in order by first date offered.

Girls in STEM

NEW! Join Discover Earth Camp as the GIRLS team up with Ms. Blizzle to explore earth science and STEM in a jam-packed week of fun! During this week of camp, we cover weather, energy, oceans, botany, environment, chemistry, robotics, art and everything in between!

7-10 yrs Days 4 No camp 6/23

RP2988.801 Clemens Crossing ES Jun 22 9am-4pm M, W-F \$275

All Things Coding

NEW! Explore all things coding in an intense week of guided coding exercises from beginner to advanced. By the end of the week, design your own game and animation. Achieve an introductory level of proficiency in various coding languages and styles.

11-13 yrs Days 4

RP2988.802 Glenwood MS Jun 29 9am-4pm M-Th \$325

Space, Earth and Environmental Science

NEW! Join Team Discover as we learn more about space, planet Earth, and the environment through hands-on fun. Build a model solar system and your very own 3-D planet; and learn all about caring for the Earth by making a terrarium and starting a garden of your own. Learn about outer space, the National Aeronautics and Space Administration (NASA), Earth, pollution, ecosystems, and "green" gardening.

7-10 yrs Days 5

RP2988.803 Harriet Tubman Ctr Jul 6 9am-4pm M-F \$325

Extreme Weather and Natural Disasters

NEW! Join Team Discover as we learn more about lightning, tornadoes, hurricanes, earthquakes, and volcanoes through hands-on fun. Conduct your own weather forecast, make clouds and tornadoes, build your own model volcano that erupts, and so much more!

STEM Survival Camp

NEW! Have you ever thought about what you would do if the power grid collapses? What would you do if you no longer had access to fresh water for drinking? Where would you get food if all the stores closed? This week of hands-on learning teaches you to survive challenging times in a fun and engaging way. Campers are presented with potential real-world challenges, all the tools they need, and the step-by-step guide to overcoming the challenge.

11-13 yrs Days: 5

RP2988.805 Patuxent Valley MS Jul 20 9am-4pm M-F \$395

Messy Chemistry

NEW! Join Team Discover as we explore the messy world of chemistry! During this week of camp, make your own slime, PlayDough, ice cream, explosions, and lots of chemical reactions all with items commonly found at home. Things definitely get messy in the name of science and fun! Learn about the periodic table, chemical reactions, states of matter, and how chemistry is found in our everyday life.

Field Hockey Camp with Ali Eyre **flickr**

Come enjoy a fun field hockey camp directed by Ali Eyre, a former All-American and College Athletic Hall of Fame inductee in both field hockey and lacrosse. Coaching alongside her will be her two daughters, University of Maryland field hockey players, and other former or current college players and high school or college coaches with decades of experience, accolades, and a love of the game. Coach Ali has over 15 years of experience coaching field hockey and lacrosse. She currently is the Operations Director for Warhawks Field Hockey Club. She brings energy and passion for the game of field hockey, along with a fun and positive learning environment. Camp staff embrace and exhibit the Excellence in Athletics principle (that sports teach life skills and lessons). Bring a field hockey stick, shin guards, mouth guard, cleats/turf shoes/sneakers, and water.

"I wanted to drop a quick line thanking everyone for the camp this week. My daughter had such a great time. I think she told us thank you for signing her up at least a dozen times. She said Coach Ali and her staff were just so nice and she really appreciated them showing her how to improve her reverses. She said during the drills she was getting positive comments, and she thinks that she was impressing the coaches, and I could hear in her voice how proud she was of herself. It warmed my heart. She's done a few field hockey camps before, and she said this was easily her favorite." - Guardian of Camper

Alpha Hockey Step Up Your Game Field Hockey Camp

This camp for middle and high schoolers with previous playing experience, is directed by Margaret Maclean, head field hockey coach at University of New Haven. Coach Mac is a former college All-American and All-Conference field hockey player, who was named NCAC Coach of the Year in 2022. She is assisted by Abbey Kemble, head coach of Eastern University. Bringing much energy and enthusiasm for the game, Coaches Mac and Kemble focus on offensive and defensive skills, decision making and game strategy via small group instruction and scrimmaging. Players are grouped according to age and skill and the camp is designed for those who have played field hockey and want to take their game to the next level. This is not a learn to play camp. Campers must provide a field hockey stick, shin guards, mouth guard, cleats or turf shoes, certified field hockey eye goggles (optional), and water. Players should also bring a defensive corner mask if already owned and \$2 for an extra mouth guard if needed.

Watchdog Krav Maga Summer Camp

This camp is a dynamic, self-defense program that blends techniques from boxing, wrestling, and martial arts to teach real-world strategies. Each day combines physical conditioning, skill drills, and scenario training to accommodate all fitness levels while fostering self-esteem, confidence, discipline, and leadership. Through playful games and engaging activities, improve coordination, learn to navigate conflicts, and develop assertiveness. This camp addresses bullying and potential threats; and empowers you to respond effectively in a safe, supportive environment. Info: Adam Zuckerman, 410-313-4720 or azuckerman@howardcountymd.gov.

"Unsolicited feedback. My son loved the Camp Sports n More this past June. The staff members were kind and attentive. We appreciated that the staff members focused on safety. I wish I knew how wonderful it would be or we would have signed him up for all sessions." - Guardian of Camper

In this G.A.S (Games and Skills) program, campers are introduced to two lifetime sports that stay with you forever. Learn tennis according to the QuickStart format based on U.S. Tennis Association standards on the tennis courts and use Starting New At Golf (SNAG) golf equipment designed to enhance learning golf fundamentals on the multi-purpose field. Modified equipment helps teach the basics while having fun in a safe and noncompetitive environment. Please bring a junior-sized tennis racquet; all other equipment is provided. Lunch is held under a shaded pavilion. Cool off in the afternoon with activities and games in the shade or water day. For these weeks, after the tennis lesson, enjoy a swim at the pool at the Roger Carter Community Center (RCCC) in Ellicott City. You are bused to the pool and pickup is at RCCC by 5pm.

TGA Premier Youth Tennis & Pickleball Camps

Our beginner tennis/pickleball camp includes lessons on fundamentals like grip, stance, and strokes often taught through fun, game-based activities in a supportive, low-pressure environment. Campers are typically grouped by age and skill level, and the experience focuses on building basic skills, learning simple rules and etiquette, and developing a love for the game. Camps are designed for beginner level but all abilities are welcome.

Therapeutic Recreation & Accommodation Services

The Department of Recreation and Parks is a recognized leader in opportunities for individuals with disabilities and is pleased to comply with Americans with Disabilities Act (ADA) regulations. Individuals with disabilities are encouraged to register for general recreation programs of their choice. Howard County Recreation & Parks has developed an inclusion process to better accommodate individuals with disabilities. To ensure that we meet your program needs, please contact us at inclusionandaccommodations@howardcountymd.gov, at least two weeks before the program begins to request accommodation services. The process to request accommodations is:

1. Choose Your Fun/Activity

Browse through our program guide to find the activity that interests you or your family member. Howard County Recreation & Parks offers a wide range of options, and our staff is happy to help if you'd like guidance in choosing.

2. Register for the Program

Once you've selected a program, register online, over the phone, or in-person at any of our community centers or headquarters.

When registering, please let us know that you will need an accommodation.

3. Submit an Accommodation Request

After registering, visit our Accommodations Portal (www.howardcountymd.gov/tr) to submit your accommodation request. You'll be asked to provide details about the program and specify the type of accommodation you need. The Therapeutic Recreation team will be notified as soon as your request is submitted.

4. Complete the Accommodation Assessment

After submitting your request, we'll send you an Accommodation Assessment link by email or postal mail. Please complete this assessment at least two weeks before the program starts. This one-time assessment, valid for a year, provides our team with important information to support you and make the program successful. Remember, you'll need to submit a new accommodation request through the portal for each registered program.

5. Receive Confirmation and Discuss Accommodations

Once we've reviewed your completed assessment, a member of our team will reach out within three business days to confirm your request and discuss strategies for inclusion. Please note that adjustments to the staff-to-participant ratio are not guaranteed and are reviewed on a case-by-case basis. We are committed to providing reasonable accommodations based on individual needs, and we require that all paperwork is completed before your request can be reviewed. If you have any questions or would like to check the status of your request, please contact our Therapeutic Recreation team. We're here to help and look forward to ensuring a positive experience for all participants!

iCan Swim Camp flickr

iCan Swim is designed to teach children with disabilities to swim independently and achieve their aquatic goals as well as learn valuable water safety skills during the week-long program. iCan Swim is coordinated and managed by the Therapeutic Recreation office in partnership with iCan Shine, Inc. Participants must have a documented disability, attend all five days of the program, and a parent or caregiver must attend all five sessions and orientation meeting. iCan Bike Camp flickr

iCan Bike teaches children, adolescents, and adults with disabilities to learn to ride a conventional two-wheel bicycle. Participants begin on specialized trainer bikes, and by the end of the week, they transition to riding on their own two-wheeled bike, along with personalized recommendations from staff for continued progress toward independent biking. Goals include building riding skills, boosting self-confidence, and promoting a healthy lifestyle. A parent or caregiver must remain on-site throughout the camp and attend a mandatory orientation on July 12. Program meets daily for 75 minutes. Participants must provide their own two-wheel bike and helmet, have a documented disability, and be at least 8 years old, under 220 pounds, and able to attend all five days of camp. General Information

Camp information provided in this Guide is tentative. Consult www.HowardCountyMD.gov/rap for the most up-to-date information.

Registration

Camp fees are established by determining the cost of supplies; fees for instructors, rentals, registrations and program administration; and the price of marketing in order to deliver high quality programs at an affordable price. See our "How to Register" section on page 2.

Waiver you need to sign when participating in our camps:

In consideration of my (and/or my child's) participation in this activity, I hereby release and discharge the Organization, and its representatives, successors, and assigns, from any and all liability arising from accident, injury, and illness that I (and/or my child's) may suffer as a result of my (our) participation in this activity. I (we) also will follow the rules and regulations set by the Organization and above named parties. Parent or guardian must sign for anyone age 18 and under. I do hereby grant and give these groups the right to use my or my child(s) photograph or image in conjunction with other persons or objects and presentations, advertising, publicity, and promotion relating thereto.

We reserve the right to cancel or postpone any camp or activity due to inclement weather or low enrollment. A service fee will be imposed for all returned checks and could result in refusal of future participation. A service fee will be applied to all refunds and withdrawals with the exception of those due to program cancellation or medical/illness. There are no refunds for missed sessions. At a minimum, a 20% administrative fee applies to refund requests; additional fees may be deducted. At least two weeks advance notice is required to avoid additional charges. Summer Camps have a different refund policy and can be found in the current year brochure. See brochure or website for details about all refunds and policies.

Participation

Only individuals who are registered may participate. Where age or grade restrictions apply, "age" usually refers to the age of the participant at the start of the program and "grade" to current grade. If any other standards apply, they will be noted in the Guide. We reserve the right to question grade or age and may request a birth certificate or other proof of eligibility.

For many programs, registrants or parents/legal guardians of minor registrants will be required to provide a signed Participant Information form at the first meeting. The purpose of this form is to ensure that participants willingly share responsibility for their own safety. All activities contain certain inherent risks that each participant assumes. Due to the strenuous nature of some activities, each participant is urged to consult his or her physician concerning his or her fitness to participate. Please note that many camps will require confirmation that immunizations are current.

A parent or legal guardian must accompany a child each day for both check-in and pick-up. It is your responsibility to sign your child in at the beginning of the program and sign your child out immediately following the program. Staff is not responsible for your child before or after scheduled activities. A fee may be assessed if your child is not picked up at the close of the program.

Children must remain with the program for the full period scheduled. To leave before a day's camp is complete, a child must have written parental consent or the parent/legal guardian must pick the child up after notifying the camp director. No refunds will be issued for time missed for this or from dismissals resulting from disciplinary action.

In determining whether child is ready to participate in these activities, **please be aware that our staff does not change diapers or pull-ups.**

Filled Programs

Space is limited in most activities — early registration is advised. If a program is filled when we receive your registration, we will contact you; you may then cancel your application at no charge, select an alternate camp or place your name on a waiting list. There is no fee to be placed on a waiting list.

Canceled Programs

We don't like to cancel camps, but each one must meet its minimum enrollment. Don't be disappointed — register early and bring a friend! An activity may also be canceled due to circumstances beyond our control, such as the unavailability of an instructor or location. If a camp is canceled, registrants will be contacted immediately and a full refund credited.

Financial Assistance

The Howard County Department of Recreation & Parks can provide limited financial assistance to Howard County residents who qualify. In addition to a completed application, you must provide one of the following:

- Verification of qualifying household income with your 2024 Federal Tax Transcript (or 2025 once completed) and
 - Any proof of assistance from the Department of Social Services.
- Funds are limited and a deposit of 25% of the program fee is required at least one month prior to start date with the application/registration form. Call 410-313-4659 for additional information and guidelines.

Donate

You can make a tax-deductible contribution to our Scholarship Fund by www.HowardCountyMD.gov or call 410-313-4683. You may also donate online through our online registration site (click on "donation" button).

Refunds

We recognize that you may wish to withdraw from a camp for a variety of reasons, but we encourage early decisions so as not to inconvenience other participants or affect our ability to efficiently deliver activities.

Customers requesting a refund prior to three weeks before the camp starts will be charged a 20% administrative fee, however if you request the credit to be placed on your Howard County Recreation and Parks account for future use, no administrative fee will be charged.

All refunds requested within three weeks of the camp starting date will be charged at minimum a 20% administrative fee. Additional fees may be assessed to recover costs (ex: for shirts, supplies, tickets, equipment, etc.) associated with the camp. There are no refunds given for missed camp days.

Inclement Weather & Program Status Information

Check with your instructor about exceptions to the following circumstances and make-up dates for canceled sessions.

- If it rains, only some outdoor camps will be canceled.
- When it appears that lightning is a potential threat to participants, scheduled outdoor activities or activities in progress may be canceled.
- If there is inclement weather or an emergency plan is in effect in Howard County, scheduled camps will be canceled. Drop-in programs at Recreation & Parks facilities may run, call the facility inclement weather number, 410-313-4452.
- If schools are closed or dismissed early due to inclement weather, camps in schools will not be held.

Snack Policy

Many of our children's activities request that you supply a snack or lunch. Due to health concerns, nut products are not served or permitted.

Rules of Conduct

The following rules must be observed while participating in Recreation and Parks programs. Specific rules may be added for individual camps and needs.

- All tobacco products are prohibited in buildings, school property or County parks
- No food or beverages in unauthorized areas; glass containers are prohibited.
- No soliciting or loitering
- No interference with employee or volunteer duties
- No harassment, bullying, or inappropriate or indecent conduct, language, or clothing
- No unauthorized use of alcohol, drugs, intoxicants or weapons
- No parking in unauthorized areas or driving/parking on field areas
- No alteration or installation of equipment (such as basketball hoops, fences or lining)
- No defacing of property (indoors or outdoors)
- No conduct that may jeopardize the safety of others.

Accommodations for People with Disabilities

The Department of Recreation & Parks is a recognized leader in opportunities for individuals with disabilities and is pleased to comply with Americans with Disabilities Act (ADA) regulations.

Individuals with disabilities are encouraged to register for general recreation programs. With your registration, please include information regarding your disability and any accommodations needed.

We will make every effort to provide reasonable accommodations on an individual basis. Interpretive services are available for people who are deaf, hard of hearing or have speech disabilities. These and other accommodations

can be provided to Howard County residents at no additional cost. To ensure the best experience for all participants, we need your accommodation request along with your registration a minimum of two weeks in advance of the first program date.

For transportation, contact HT Ride Paratransit Certification at 1-800-270-9553. For more information, contact Therapeutic Recreation Manager Susan Potts at 410-313-4628 or spotts@howardcountymd.gov.

Other Policies

Additionally, the Department reserves the right to

- Cancel a program for any reasonable cause;
- Deny registration or entry into a program when it deems necessary to assure public safety;
- Suspend a child from a program with no refund, after notifying a parent of disciplinary problems;
- Photograph programs, participants and volunteers for publicity purposes; and/or
- Adjust any program details printed in this brochure including fees, locations, instructors, times, days and starting dates.
