Minutes Approved

Announcements:

New Business:

Went over the recommendation form that will need to be completed for each of the subgroups. The rationale is the “why” and can be as long as it needs to be. Can use any data, surveys that have been done and research.

Workgroup was broken out into breakout sessions for each of the 4 goals.

First breakout sessions

- Age-Friendly Ambassador
- Technology

Second breakout sessions

- Data Base
- 50+ Centers without walls

Each group will work on the recommendations.

Suggestion was to have each of the groups meet on their own so have more time for discussions.

Will schedule another meeting for Goals 1 and 2 to finalize recommendations.

Homework Assignments:

Next Meeting: Will be sent out by Ruth Coleman
