3. Water & Sewer Capital Projects

(a) W8698, Woodleigh Drive Routine Water Extension

Staff Presentation: Mr. Davis, Chief, Utility Design Division, indicated that the purpose of this presentation is to seek recommendations from the Public Works Board concerning a proposed Capital Project W8698, Woodleigh Drive Routine Water Extension.

This project, Capital Project W8698, consists of the design and construction of 650 linear feet of 8-inch water to serve properties on Woodleigh Drive at a total estimated cost of $300,000.

The project was requested by Mr. Timothy Fouts, property address of 6210 Woodleigh Drive; parcel 0226, on tax map 36. The property is improved, is within the Metropolitan District and is eligible for public water service. The property is 1.04 acres in size and is zoned R-20.

The proposed extension was evaluated against the criteria for routine extensions and met all requirements. The property abuts a County road, the extension is less than 1,000 feet and there is sufficient capacity in the system to serve the property.

Interested property owners were notified of tonight’s meeting by advertisement in local newspapers and by postings in the project area.

The user costs associated with water and sewer extensions are as follows:
