PRESIDENT’S REPORT
Donna Thewes stated that the Board has now obtained Nitro document signing software, and the Board Secretary can now send minutes and other documents directly to Board members. She then said that members may want to review the information on pending legislation in Maryland and she thanked Guy Mickley and Ray Rankin for forwarding the links to Board members.

DIRECTOR’S REPORT
1. Petition: The Director said with the President’s permission, he was going to move the Petition item to first on his report. He stated that the petitioners against CB63-2020 had garnered 5,738 valid signatures from their current signature submission, and he had sent an email to Lisa Kim with that information. He said that the petitioners need 7,170 valid signatures to put the issue on the ballot for the 2022 election as a local referendum. He asked if there were any questions, and guest Lisa Kim asked if the Director had any idea when the question language would be done. Director Mickley stated that the Howard County Office of Law formulates the language for the question and he does not know their timeframe. However, if the petition garners the signatures needed, the question will appear at the end of the ballot after any state questions.

2. General Update: Director Guy Mickley reported on the following accomplishments and what the office and warehouse staff will be working on as they finish cleaning up from the Presidential General Election and start gearing up for the 2022 elections:

   a. Voter Registration – Voter registration numbers for the month have returned to pre-election cycle numbers. This is anticipated to continue for the rest of this year.

      i) Street Maintenance – The Director will be assigning staff members a set of specific precincts to review starting next week. Additional research will be documented by several members of the IT department when required.
ii) **Redistricting** – The Director has been notified that census information may not be sent to the local boards until September. This would have a significant impact on our timeframe for completing redistricting prior to the 2022 Primary Election. Phyllis West mentioned that a TV news story at the end of last week said the census deadline has now been moved from July until September 30, 2021, and Guy Mickley said we would then not receive it until October. There is a redistricting committee meeting at the State Board level on Thursday of this week, and he is a part of the committee. Guy Mickley indicated he would keep the Board informed of any new information on this topic. Diane Butler asked what happens if the redistricting is not completed by the next election. Guy Mickley said he assumes it would take legislation to delay or move the date back. He reminded the Board that this must be passed by the Board’s February 2022 meeting for it to be approved by the State Board at their March 2022 meeting, and the state and legislative redistricting may not be able to be completed by then.

iii) **Warehouse** – The warehouse staff continues to finish the Post-Election Maintenance and to prepare the pollbooks for return to the State in anticipation of new pollbooks. The Director has also tasked the warehouse staff with creating a new in-house inventory system for all of our supplies. He also reported that Doug Swift is assisting the State Board with our annual inventory audit of State equipment.

3. **Budget** – Director Mickley reported that our current budget is tracking well due to the grant money we received and being able to move other funds. He will provide the Board with a copy of next year’s proposed budget as soon as he receives approval from the Howard County Budget Office after the first phase.

4. **Telework** – The office staff continues to primarily do telework. Supervisors and management continue to monitor the work being done. The warehouse staff is in most days as there is more hands-on work to be done there. Staff continues to practice social distancing while working.

5. **New Pollbooks** – The State continues to look into either purchasing or leasing new Pollbooks for the 2022 and future elections. Focus groups consisting of many local election employees have been established and have met. The team that will be evaluating and advising the State on procurement has been established. Submissions to the RFP have been made. More information will be provided to the Board as the State goes through the process.

6. **Manual Audit for the Presidential General Election** – The manual audit will be conducted on February 24, 2021 at 9:00 am. The audit will include ballots from Absentee, Provisional, Early Voting and Election Day, and the Director believes it will be completed in one day. He stated that the updated announcement is posted on our website and all social media. Full Board attendance is not required, but member attendance is always appreciated. He is planning to use the training room as well as the front office space to help meet social distancing rules.
7. **Legislation** – Director Mickley reported there are too many bills to review them all at this meeting, and none have progressed very far yet in the legislature. He provided the board with access to MAEO’s “bill summary”, which includes MAEO’s position on the bills. So far MAEO has primarily taken “no position”. He stated that at the federal level, HR1 – For the People Act of 2021, would require among other things 15 days of Early Voting for every state. With proposed Maryland legislation changing Early Voting Hours from 8:00 am to 8:00 pm every day, this would be a “game changer” for election administration in Maryland. The Director reminded Board members that they can speak with their legislators on these issues. One Maryland bill that directly relates to the Board, SB58, would change the composition of the Board to reflect the majority and minority parties of the registered voters in each county, regardless of the party of the sitting Governor.

Ray Rankin mentioned there were other bills being proposed that would have an impact on local boards of elections, including a proposal to have each County Executive appoint members of their local Board of Elections, and another which could require video of every meeting.

8. **Candidate Filing** – The Director reported that candidate filing starts tomorrow. Because of COVID-19 concerns, the office will be taking candidates filings by appointment only for the next few months, and this information has been posted on the website. Appointments will be held on Wednesday’s only. Diane Butler asked if any appointments had been set up yet, and the Director indicated no, that typically Howard County candidates have filed later in the process.

Donna Thewes then informed the Board that two of the three Republican members on the State Board of Elections had resigned and are being replaced by the following individuals:

- Severn Miller has replaced Kelly Howells
- Sky Woodward will replace Michael Cogan (former Chairman)

The new Chairman of the State Board of Elections will be selected by the Board, and the only person with experience is William Voelp.

**BOARD COUNSEL REPORT**

Board Counsel Eric Brousaides, Esq., stated that he had nothing to report.

**GUEST QUESTIONS/COMMENTS**

Donna Thewes asked members of the public who were in attendance if they had any questions or comments. They had none.
