**DIRECTOR’S REPORT**

1. **General Office Update:** Director Guy Mickley reported on accomplishments and what the office and warehouse staff will be working on as they finish cleaning up from the Presidential General Election and gear up for the 2022 elections:

   a. **Voter Registration/Office Work** – Voter registration numbers for the month have returned to pre-election cycle numbers. This is anticipated to continue for the rest of this year.

      i) **Street Maintenance** – The County GIS Department has the files of streets from MDVOTERS and is doing a point by point comparison. When they have completed their comparison, staff will use it as a reference guide to continue step two of the street validation process.

      ii) **Warehouse** – The warehouse continues to serve as the mail house for the office and to send out the Voter Notification Cards. Staff has completed about 65% of equipment labeling and entering data into the inventory system. They had a welding company install steel bars in the ballot carts to strengthen them for future elections. Warehouse staff is also is also packaging up voted ballots and moving them to the storage container for the 22-month retention period.

      iii) **MDVOTERS Records Cleanup** – Office staff is still verifying every record being entered into MDVOTERS. Several new procedures have been put in place to keep up with this on a daily basis, Staff has also reverified all records entered since July 2020.

2. **Budget** – Guy Mickley reported that he had provided a copy of the budget to Board members electronically now that the County has sent it to the County Council and allowed him to release the information. The County has moved the funds identified for pollbooks to
PAYGO, which is a separate account for certain County expenditures. Without the poll book funds, our budget numbers are similar to last year’s budget. There is an addition of funds for one new state position in anticipation of the move towards mail-in ballots, which has come to fruition.

3. Telework – The office staff continues to primarily do telework. Supervisors and management continue to monitor the work being done. The warehouse staff comes in several days a week as there is more hands-on work to be done there. Staff continues to practice social distancing while working.

4. New Pollbooks – The process is ongoing. The Director indicated he will provide more information whenever it becomes available.

5. New Software for Voting System – The state is currently testing new software for reporting and tallying for the DS200’s, BMs and servers. He will advise the Board as more information on whether this will be used in the future and the timeline associated with it.

6. Mock Election – The State has scheduled a Mock Election in November, which as of this time would include the new software for the voting system and the new pollbooks. He will keep the Board advised as more information becomes available.

7. Legislation – The Legislative Session has ended, and the key changes are listed below:

   a. Early Voting – Operating times for all Early Voting days will be from 7:00 am – 8:00 pm, and Howard County will have five (5) Early Voting Centers. We are looking at new locations for a fifth site in Columbia and may also move some of the other locations.

   b. Mailing Out Mail-in Ballot Applications/Permanent Mail-In List – New laws will require that we mail out ballot applications to all registered voters in 2022 and 2024 as well as create a permanent mail-in voter list from the receipt of these applications. Guy Mickley has no information yet as to the new procedures and processes yet, but expects it to be forthcoming.

   c. Drop Boxes – These have become a permanent part of future elections, and we may have additional drop boxes in the future. Nearly 70% of those in Howard County who voted mail-in ballots used drop boxes in 2020.

   d. Student and Military Voter Empowerment Act – In the future, when an LBE is establishing precinct boundaries and designating the location of polling places, the LBE shall contact and obtain input from large residential institutional communities, including institutions of higher education, continuing care retirement communities, senior communities and military installations. SBE shall add and maintain on its website information that explains requirements for students enrolled in institutions of higher education on how to register to vote in the State and includes links to information regarding requirement for registering and voting by absentee ballot in other States. SBE shall establish a process for accepting FPCA applications electronically and use the Common Access Card to sign the FPCA. A public institution shall designate a staff member as the Student Voting Coordinator. They shall develop and implement a student voting plan to increase student
voter registration and voting in collaboration with faculty, staff, recognized student organizations, and other appropriate stakeholders at the institution. The plan shall include wide dissemination of information about voter registration and voting opportunities to all students including the voter registration process and deadlines, the process and deadlines for requesting and returning a ballot by mail, etc. Reasonable accommodation and collaboration with the LBE regarding the placement of an Early Voting Center or precinct polling place on campus if requested by the local board, parking, campaign signs, voter access to campus without ID, polling place space requirements in compliance with State Board regulations, public education campaign, ballot drop box siting and any other factors relating to the conduct of an election, etc.

8. **Candidate Filing**— Candidate filing has started, but no candidates have filed locally. For the time being, candidates can make an appointment to file at the office on Wednesdays between 9:00 am and 4:00 pm.

7. **MAEO Annual Conference**— The MAEO Annual Conference is tentatively scheduled for August. The Director indicated he is allowing staff to choose whether or not they wish to go, and many are indicating they do not wish to attend. The one-day State Biennial Conference will take place on Wednesday, August 25th during the MAEO Conference. For those who wish to attend virtually, it will be streamed. Virtual attendance will suffice as the state’s requirement for mandatory attendance.

Board members asked for the exact dates of the MAEO Conference and the date of the SBE Biennial Conference, which were provided by the Director. Members discussed their possible attendance, and some indicated they would be unavailable during those dates.
