Summary

7:09 pm

Board Chair Ned Tillman opened up the meeting and asked for a brief introduction from the people in attendance.

7:15 pm

It was advised that the Board's report on Council Bill CR 31-2016 has been submitted to the County Council.

Mark Southerland presented the Howard County Commercial Stormwater Solutions Work Group presentation, which he had previously presented to the County Executive and the County Council.

8:15 pm

The Chair announced that additional names for potential Board position replacements should be shared with the Chair and Vice Chair before January. It was agreed upon that a representative from the Baltimore Office of Sustainability should be invited to the January ESB meeting to discuss their current initiatives and long term goals.

8:22 pm

Victoria Krausmar-Plantholt gave a Howard County Bikeway & LEED presentation. The presentation went over what LEED is and why the trend towards developing to LEED standards. It also went over existing and proposed plans for the Bikeway. She stated that the HC Bikeway and LEED have some similar goals.

8:58 pm

Meeting adjourned.
