### SUNDAY

#### 3 WEEK OF THE YOUNG CHILD
Celebrate and enjoy the children in your life! Play copycat with your child. Watch and imitate their actions, and then switch roles and encourage your child to copy your actions.

#### 10 BALLOON BOP
Hit a balloon into the air, and don’t let it touch the ground. How many times can your child hit it before it drops? See how high your child can go! Can your child keep more than 1 balloon in the air?

### MONDAY

#### 4 MUSIC MONDAY
Fingerplays are a great way to practice counting skills. Try “5 Little Monkeys Jumping on the Bed” or “One, Two, Buckle My Shoe” as a start. Ask your librarian for more suggestions.

#### 11 BEAR HUNT
Go on a “bear hunt.” Use words like over, around, and under as you go on an adventure together (e.g., “The bear is UNDER the table, Let’s go AROUND the bed”).

### TUESDAY

#### 5 TASTY TUESDAY
Make a fruit salad with your child. Let your child use a plastic utensil to slice a banana or apple and peel an orange. Talk about the colors as you toss your fruit in a bowl and enjoy your healthy snack!

#### 12 TAG – YOU’RE IT!
Play “tag” with your child. Tag can teach your child how to play with others and to win/lose. You can play freeze tag in which the children “freeze” in place until they are “set free” by the touch of another child.

### WEDNESDAY

#### 6 WORK TOGETHER WEDNESDAY
Sort the laundry with your child. Sort by items (i.e., socks, shirts, pants) or by family members. Ask your child to identify which pile has more or less; ask your child to match the socks.

#### 13 TAPE JUMPING
Place several strips of tape a foot apart on the ground. How far your child can jump? Keep track of how far your child can jump. As your child masters jumping all the strips of tape, add more for difficulty.

### THURSDAY

#### 7 ARTSY THURSDAY
Cut a circle, square, triangle, and rectangle from paper. Use sidewalk chalk to draw large shapes on the pavement (e.g., circle, square, triangle). Give your child simple directions to follow such as, “Stand inside the square”, or “Put one foot inside of the circle.”

#### 8 FAMILY FRIDAY
Go for a family walk. Show your child the numerals on the houses or other buildings. Read the numerals on five buildings in your neighborhood. Can your child find their age?

#### 15 CRAB WALK
Teach your child how to do the crab walk. See how fast your child can go. Have races across the room. Make it more difficult by asking your child to balance a stuffed animal on their stomach as they move. If it falls, start again!

### FRIDAY

#### 2 HOPSCOTCH
Draw a hopscotch board and play with your child. Hopscotch is a great for working on balance and spatial perception, as well as fine motor skills. Plus, it’s great practice for number recognition!

### SATURDAY

#### 9 CELEBRATION SATURDAY
Celebrate the end of the Week of the Young Child with a dance party! Dancing moves many parts of your body and can be fun, too. Compare loud and soft, and fast and slow music.

#### 23 NATURE WALK
Go for a walk with your child. Look for insects around your neighborhood. Can your child find some insects around your neighborhood? Can your child act like them by jumping like a cricket, fluttering like a butterfly, or buzzing like a bee?

### MONTH OF THE YOUNG CHILD 2022

#### 24 ANIMAL ACTION
Animals are all about in the spring time! Can your child move like animals? Can they hop like bunny, gallop like a horse, scamper like a squirrel, fly like a bird? What other animals can you imitate?

#### 25 STOMP THE LETTER
Write letters on the sidewalk using chalk. Ask your child to identify the letters of the alphabet by stomping on the letter that you call out. Start with letters in their name.

#### 26 PUDDLE JUMP
Wait for a rainy day, then put on your boots to jump in the puddles. Can your child make footprints? How many footprints can they make?

#### 27 HIPPIPY HOP
Can your child hop like a bunny? Hop around your home or down the sidewalk. Can your child hop on one foot? Hop on two feet? Can your child switch from one foot to two feet, and back again?

#### 28 STRETCH IT OUT!
Stretching is good for you! Exercises that cross over the center of your body are helpful to fine motor skills. Ask your child to sit on floor and touch the left hand to right foot. Stand up and bend to each side.

#### 29 GET IN (THE) SHAPE
Use sidewalk chalk to draw large shapes on the pavement (e.g., circle, square, triangle). Give your child simple directions to follow such as, “Stand inside the square”, or “Put one foot inside of the circle.”
### April 4, 2022
**Music Monday**

1. Make homemade shakers and tambourines. For the shaker, you will need a small plastic container, buttons/jingle bells/beads. Put buttons, bells or beads into the container, secure with the lid and shake. For the tambourine you will need 2 paper plates, a hole punch, yarn, jingle bells and markers. Put the plates face to face and punch holes around the rim. String the yarn through a hole, then a jingle bell. Alternate this process until yarn is strung around the paper plates. Decorate the outsides with markers.
2. Using your homemade instruments, play them to fast and slow music.
3. Make a video of yourself playing the homemade instruments.
4. Freeze Dance.
5. Listen to your favorite music and have a dance party.

**Parent Reading Activity**

*(All children’s books can be found at your local library. For HPLS locations [http://polaris.hclibrary.org/polaris/](http://polaris.hclibrary.org/polaris/))*

*Chicka Chicka Boom Boom*
Authors: Bill Martin, Jr., John Archambault
[https://www.youtube.com/watch?v=3w-DsrNzNbc](https://www.youtube.com/watch?v=3w-DsrNzNbc)

*Giraffe’s Can’t Dance*
Author: Giles Andreae
[https://www.youtube.com/watch?v=4UNRduYI_04](https://www.youtube.com/watch?v=4UNRduYI_04)

### April 5, 2022
**Tasty Tuesday**

1. Make a healthy snack that relates to a children’s book. For example, make a fruit and veggie tray after reading “Bear Sees Colors” by Karma Wilson.
2. Read books about healthy eating. For example, “Eating the Alphabet” by Lois Ehlert or “The Vegetables We Eat” by Gail Gibbons. Try a new food.
3. Plan a meal together and eat with the family. Involve children in meal preparation where appropriate.
4. Build with grapes, marshmallows and toothpicks and enjoy eating together.
5. Make juice pops. Pour juice into an ice cube tray, cover with plastic wrap and place a toothpick or popsicle stick in each slot of the ice cube tray. Freeze and enjoy!

### April 6, 2022
**Work Together Wednesday**

1. Build a paper playground out of materials found around the house like paper, construction paper, paper towel tubes and tape.
2. See how tall you can make a tower out of Legos.
3. Pretend that you are camping and make a tent out of blankets.
4. Build bridges with craft sticks and solo cups. Run cars on them to see if your bridges fall over.
5. Play Tug of War.

### April 7, 2022  
**Artsy Thursday**

1. Make playdough. Recipe: 3 cups flour, ¾ cup salt, ½ tsp. cream of tartar, 3 cups water, 4 TBS vegetable oil, desired food coloring. Directions: Mix dry ingredients in a nonstick pot. After mixing, create a well, in a separate bowl, mix liquid ingredients and pour into the nonstick pot and cook over medium high heat, stirring with a wooden spoon until almost set and dough forms a ball. Take the dough out of the pan, put on a hard surface and knead. Once cool, store in an air tight container or a zip lock baggie.

2. Sidewalk Art: dip sidewalk chalk into water and draw outside on the sidewalk.

3. Color folded coffee filter with markers and spray with water. Open to check out the cool designs.

4. Experiment mixing 2 colors to make another color. For example, red + yellow = orange, yellow + blue = green, blue + red = purple. Use finger paints or tempera paint with sponges.

5. Free draw to your favorite music. Use markers, crayons, colored pencils, or paint sticks and create a masterpiece!

### April 8, 2022  
**Family Friday**

1. Visit Historic Savage Mill and have a picnic at the park.

2. Visit Patapsco Valley State Park and go hiking on their “hiker only” trails.

3. Go see the Children’s Garden at Robinson Nature Center. There is also a Discovery Room for children.

4. Create “In Studio” or “At Home” with the Pottery Stop.

5. Have a family movie night or game night.
