Promote. Preserve. Protect.

PSYCHOGERIATRIC NAVIGATION SERVICES

Psychogeriatric Navigation Services provides linkages to behavioral health services for Howard County's older adult population who are leaving behavioral health facilities and re-entering the community or are in need of assistance with finding behavioral health resources.

Through the various types of community resources in Howard County, we help ensure that the appropriate care and services are accessible and received.

For more information and referrals, visit www.howardcountymd.gov/gethelp or contact Heidi Weiss-Beedie, Psychogeriatric Services Coordinator.

Psychogeriatric Navigation Services will help connect clients to:

- Adult day care services
- Behavioral health services
- Household and personal assistance services
- Case management
- Insurance eligibility verification
- Other services
