New Business

Attendance
• The Presiding Officer discussed members’ duty to attend CAC meetings. The Bylaws state that members must attend at least 70% of the meetings within a two-year period.
• The Immediate Past Chair emphasized the importance of attendance and participation.
• Several members thought the 70% requirement was fair and that members have a responsibility to manage their absences.
• If a member has an extenuating circumstance that may require them to miss meetings, they should contact the Secretary or Chair.
• Several members advocated for and asked about the policy for contacting members about their missed meetings. At present nothing formal has been instituted, but informal conversations by past and present Chairs occurred with Members missing a large number of meetings. This idea will be further developed by the board, input is welcome.
• The Presiding Officer asked for members to provide input to the Executive Board if they think this requirement needs to be updated.

William G. Volenick Distinguished Service Award

appearance of conflict with the PAB, he will not be able to continue with his duties as a member of CAC.
