Note: Section 16.1104(d) of the Adequate Public Facilities Ordinance allows the Department of Planning and Zoning to grant 20% more Tentative Allocations than the Adopted Total for each region for the current allocation year.

Note: For Growth & Revitalization allocations, no more than 1,266 are allowed in the current allocation year 2025, no more than 1,055 allowed in allocation year 2026, no more than 1,022 allowed in allocation year 2027, and no more than 1,000 allowed in allocation years 2028 and beyond. Per Section 16.1110(o) no more than 35% of the total Growth & Revitalization allocations available in any year may be granted to projects in a particular Planning Area. The 35% maximum allowed value is shown in each of the 4 Planning Areas. However, this maximum amount may not be available in some Planning Areas as other Planning Areas begin to reach their maximum given the overall limit. The total Adopted And Allowable allocations shown at the bottom of this chart is therefore overstated.
