Is there an exemption for WIC and Food stamp customers? No

Are all businesses required to collect & remit the bag fees? There are three possible exemptions:

1. If you provide LESS than 1,000 disposable plastic bags at the point of sale during the calendar quarter, the [Howard County Minimum Bag Fee Exemption](#) form must be submitted quarterly.
2. If you DO NOT PROVIDE disposable plastic bags at the point of sale, the [Howard County Annual Bag Fee Exemption Certification](#) form must be submitted annually.
3. If you DO NOT SELL products at the point of sale, the [Howard County Bag Fee Program Exemption Agreement](#) must be submitted one time.

If I have more than one location, does each location have to file separately? Yes, you are required to remit fees or submit an exemption form separately for each location as each location is assigned its own Bag Fee Customer Number.

Are restaurants included? Restaurants are not included in the legislation at this time; however, they are required to complete the Howard County Bag Fee Program Exemption Agreement. If your restaurant has been collecting the bag fee from your customers, you must remit payment at www.howardcountymd.gov/paybagfee, discontinue charging your customers and complete the Howard County Bag Fee Program Exemption Agreement.

What is considered a restaurant for the purpose of the Howard County Bag Fee? A place located in a permanent building with a kitchen equipped with the necessary amenities and utensils for preparing meals for customers. The place must contain a public dining area where the meal of their choosing may be served and eaten on the premises. Such restaurants may also offer take-out and food delivery services. A restaurant does not include convenience stores, delis, and mini-marts unless they have an eat-in area with tables. (An establishment with raised tables with or without seating where people may stand and eat also counts as a restaurant.)

What is NOT included as a store for the purpose of the Howard County Bag Fee? An occasional retailer that sells items from a stand or table temporarily located at an event such as a farmer's market, church sale, yard sale, produce stand or street fair is not considered a "store" for the purpose of collecting and remitting the Bag Fee. A warehouse or wholesaler would also not be considered a "store" for the purpose of the purpose of collecting and remitting the Bag Fee. Any trader's license holder that falls into this category should complete the Howard County Bag Fee Program Exemption form.

We are a green business and do not offer plastic bags at the point of sale, is there an option for an exemption so that we do not have to fill out the annual exemption every year? If you sell items at the point of sale and do not offer disposable plastic bags to your customers, you are required to file the [Howard County Annual Bag Fee Exemption Certification](#) form.

Where will the quarterly return be available? There is no form, the information is collected at the time the fees are remitted to the County via the [Bag Fee Payment System](#).

What are the quarterly due dates (to remit fees or file minimum bag exemption form)? In accordance with Sec. 20.1302 (b) (1) of the Howard County Code, fees collected during each calendar year shall be remitted on or before the store's last business day of the month according to the following schedule:

In accordance with Section 20, Subtitle 13 of the Howard County Code, *Disposable Bag Fees*: "Each store shall post appropriate notices designed to remind customers to use non-disposable bags, including posting at each place where shopping carts are kept for customers and at each place where customers pay." Howard County has designed suggested signs and cards which can be found at www.bit.ly/HowardCountyBagFee. Stores may create their own signs if they meet the guidelines outlined in the law.
