Residential Interior Alteration Single Family Dwelling Permit	B17000051	DURRANI MUHAMMAD		I am finishing my basement. The house is 3 to 4 years old and builder has already put a rough in for a bathroom in the basement. I want to do as much work as possible for myself and hoping that I will only have to get hold of a licensed electrician for the electric work and do the rest myself. The plumbing work is not that much and I should be easily able to connect the pex pikes since rough in is already there. I am attaching a map of the basement with the yellow walls representing the finished walls.	1/12/2017
