Coordinated Entry Committee
Policy & Procedures and Prioritization Amendment handouts were given to attendees.

Policies & Procedures: Data standards are due to HUD by October 1st. Data standards are important for the NOFA application. Other standards are used to monitor and show the health of the homeless response system. Consistent progress needs to be shown in implementing standards and accompanying monitoring. A vote on policy & procedures will take place at the October meeting.

Prioritization Amendment: Recommendation that households in Rapid Rehousing (RRH) are in two groups for assessing the need for Permanent Supportive Housing. One group will be evaluated for
placement through the same process as any household on the By-name list and second group will have priority for placements. The priority group will be based on their inability to succeed while in RRH programs, thus showing a need for longer term supportive housing. The Prioritization Workgroup would determine which group RRH clients would be placed in. This would apply for clients that have exhausted or will soon exhaust their RRH benefit. Kelly McLaughlin motioned to approve the prioritization amendment, Jennifer Broderick seconded. There was no opposed, no abstentions, and all were in favor. Motion was approved.

HMIS Committee
The Coalition does not currently have an HMIS administrator. Current standards were written while Keisha Benjamin was still in the position. Standards came from or were based on guidance from HUD. We are verifying homelessness but we are not tracking it in HMIS. There are HMIS requirements in grant agreements, but not all providers are using the HMIS system as their contracts dictate. They will be notified they need to do so.

Agenda Item: Financial Review of FY’20 and Overview of FY’21

Discussion: A summary of HUD McKinney grants and Homeless Solutions Grants (HSP) funding were presented. Grants have been underspent in some projects. May look at reallocation of funds to areas of most need.

Agenda Item: The Path Home Implementation Plan

The Board Charter is being revised. The current charter was drafted before the Board started operating. Recommendations for amendments will be put forward soon. They will be presented at a monthly Board meeting and then voted on at the following meeting.
Rapid Rehousing Written Standards are being re-written to match changes to programs and to document standards that were already in place. They will be sent to Board to read before the next meeting.
