## New Business:

Kim mentioned that there is work to be done with our action items and the rationales. Today’s meeting will finalize the overarching goals. The action items will help us accomplish the 5 goals (we added a 5<sup>th</sup> goal in November, dealing with Ageism). Feel this is really important.

The Workgroup updated the suggested action plan goals document during the meeting and updates were made in real time for all to see. The updated version will be sent out to all group members by Kim Henry for review and discussion in January.

## Homework Assignments:

Review updated action plan goals document and email the workgroup with any suggestions.

**Next Meeting:** January 21, 2021 - 1:00pm via Webex
